About EAB's Education Research Award

The EAB Education Research Award is to acknowledge outstanding achievement and success in education research by an anesthesiologist. Its purpose is to publicize, motivate, encourage, and suggest models for original education research at its best. Nominations are invited from AUA members and should include the PubMed IDs of the relevant educational research that has been published in the previous three years. The letter of nomination should also describe how the research contribution has advanced the field of medical education.

2022 | **Education Research Award**

John D. Mitchell, MD
Beth Israel Deaconess Medical
Center, Vice Chair for Education,
Director Center for Education
Research, Technology and
Innovation (CERTAIN)

About EAB's Education Innovation Award

The EAB Education Innovation Award celebrates and recognizes new and innovative developments in medical education. Impacts may include a policy or programmatic change, a revelation of a pedagogic tool or methodology, increased awareness of an issue, implications for research by other contributors, or a change in thinking among anesthesiology education professionals. Nominations are invited from AUA members and should describe the nominee's contributions and how the innovation contributes to medical education.

Maya Hastie, MD, EdD, Chair of AUA's Leadership Advisory Board, presented one award:

2022 | **IDEAL Award**
Inclusion, Diversity, Equity, Acceptance, and Leadership

**Tracey Straker, MD, MS,
MPH, CBA, FASA**
Professor of Anesthesiology
Vice Chair for Clinical Operations
Officer for Diversity, Equity, and
Inclusivity, Montefiore Medical Center

About LAB's IDEAL Award

The IDEAL Award (Inclusion, Diversity, Equity, Acceptance, and Leadership Award) is awarded to an AUA member in recognition of their commitment and leadership to promote diversity, equity, inclusivity, and belonging at the local or national level. A positive impact on healthcare outcomes is the ultimate goal. In addition, tangible impact on diversity and equity metrics of the healthcare workforce such as promotions, recruitment, retention, professional development is sought. Evidence of community service and its impact should be provided when available. Other supporting evidence such as publications, speaking engagements, and committee work are encouraged and will be taken into consideration.
